

Waypoint Global Suite

SPC Examiner Virtual Classroom

Course Mission:

The mission of Waypoint Global's SPC Examiner course is to provide attendees with the developmental tools and concepts needed for data collection and to generate charts and graphs that will be used to analyze the state of the processes involved in the data collection.

Prerequisites:

You should have the following skills and/or knowledge: Keyboard skills and basic knowledge of Microsoft Windows®.

Audience:

This course is designed for personnel responsible for monitoring data collection.

Format:

Virtual classroom training via GoToMeeting

Topics Covered:

- Log on and view current sets of data that are being collected
- Monitor data collection via alarm groups
- View traceability for product, process, or location in relation to data collected
- View assignable causes and comments for subgroups of data
- Generate charts and graphs for current and historical data sets
- Set chart preferences
- How to export data for further analysis or charting
- How to run reports on historical data

Course Length:

One class
2 hours

Cost:

\$150 USD per person
